**ANYONE GETTING BEES FROM US- PLEASE VISIT OUR WEBSITE AT [www.GreatLakesBeeSupply.com](http://www.GreatLakesBeeSupply.com) AND CLICK ON THE LINK THAT SAYS 2026 NUC SALES NOW OPEN (click here) PLEASE READ THIS ALL THE INFORMATION ON THIS PAGE TO ENSURE NUC PICK-UP IS EFFICIENT AND SAFE.**

These are live animals, so special care must be observed. When we choose the pickup date and time, you MUST be here to pick your bees up. If you cannot make it, make arrangements for someone else to pick them up. If you do not pick your bees up at the designated date and time, we will attempt to sell your bees to the backup list.

The nucs are in a corrugated box that can get hot if the temperatures are warm. When you pick your bees up, you MUST take them directly to your hive and install them. Bee transport boxes are not meant to house bees for any length of time. If they get too hot, the bees will die.

We generally give customers 4 to 7 days notice of when the pickup date and time will be. Because weather plays a role in this process, dates and times may change, so please have a backup plan in the event the date changes and you may have to work, etc.

Once the bees arrive, every box is inspected to ensure the bees are alive and we guarantee they are healthy and active. Once you leave the premises, there are no further guarantees, refunds, trades, replacement queens, etc. Feel free to inspect your nuc/package on premises, if you wish, to ensure your bees are intact. Payment must be made for your bees, in full, before your order is confirmed. If you pay for your bees over the phone via Credit Card, by signing below you acknowledge and agree that your signature below confirms your order for this product and that you authorize your card to be charged for such purchase.

This form must be filled out, sign and returned to us with full payment before your order is finalized. We make no guarantee that the bees will arrive and be

ready for pick-up on a specific day (weekday or weekend), furthermore, we make no guarantee about the time of day they will be ready either. We have ZERO input on the date and time the bees are ready for pickup.

All orders are a first come, first serve. We sell out every year, so we suggest getting on the list as soon as possible. We will also have a backup list once we reach our limit, in case someone doesn't pick their bees up at the designated date and time. Beekeeping is not an exact science and in the event we cannot deliver the bees you purchased, a full refund shall be the sole remedy, without a restocking/reselling fee.

Please understand that we spend tens of thousands of dollars to reserve bees from our suppliers each year and if you commit to buying bees from us, we are also committed to buying them from our supplier(s). The above policies are meant to ensure you get quality bees and we are able to carry through with our commitment to purchase and sell these bees each year.

Our website contains LOTS of valuable information, including how to install your bees. We also offer a wide variety of classes for the beginner or the veteran. **In an effort to make the process as easy as possible on everyone, we are unable to accommodate any requests for different pickup dates and times. We are unable to install your bees into your box for you to pick-up later. We are unable to hold your bees until later in the evening. We do not have the resources or staff to accommodate any special requests outside the normal pickup date and times.** I, the undersigned, hereby state that I have read, understand and agree to the above terms set forth by GLBS.
